It's Not Wood, It's Aluminum

---

# Fencing & Privacy Screens

Stunning to look at, strong, durable, low maintenance and exactly how you envisioned it. It's the fence that only Knotwood can deliver.

Made from high-quality, marine grade aluminum and protected by an award winning, woodgrain, powder-coat finish, Knotwood fencing is the original and the best. Don't be fooled with lower quality imitations. A Knotwood fence can give you the strength of aluminum with the realistic warm-feel of timber. Choose one of our stunning styles or create your own look using our versatile system, it's totally up to you. Vertical, horizontal, framed or picket, spacing big or small, wide or narrow, tall or short, you can take total control of your project to get the fence you really want.

Not only will Knotwood look just right, but it will stay that way. Backed by an industry leading limited lifetime warranty you can be sure that your Knotwood fence won't let you down. Impervious to rot, rust, mould, swelling, cracking, fire, insects and termites a Knotwood fence will protect your home and family for a lifetime.

Don't settle for second best. Upgrade your fence properly with Knotwood.

# Knotwood Colors

All Knotwood colors have been tested to withstand the most extreme environments and uphold the highest finishing standards in the world including the Australian, American and European standards. Backed by a limited lifetime warranty, it's no wonder Knotwood's award winning finish is coveted the world over. With a full range of color matched accessories available you can ensure a clean, uniform finish that will leave you breathless.

Please note: These colors are a guide only contact our office for samples. Please be aware that Knotwood contains natural color variation consistent with that of real timber.

**Stock Colors**  
Colors with a grey background are the Knotwood stock colors.

## Powdercoat Colors

If you want the reliability and consistency of a solid color, you can't go past our huge range of powder-coat colors. With the full range of colors on hand and a library of hundreds of custom colors only a phone call away, you can have exactly the look you want. All of our solid colors carry the same limited lifetime warranty as our premier woodgrain finish and are all applied by our experienced and accredited applicators to ensure you get the gold-standard of quality you deserve.

---

## Frequently Asked Questions

### **Q. How big can I have my fence?**

A. We recommend that your posts be at most 2ft. apart and 2.1ft. high. Most areas have council regulations that restrict the height of fences especially at the front and back of the house. Remember that posts will have to be fixed into the ground approximately one third of their height.

### **Q. What if I don't want to see the posts, is there an option for a picket style fence?**

A. YES! We have a self-mating slat system that can be used to face fix to any frame. See our install guide for details. You'll love the look.

### **Q. Is it hurricane rated?**

A. We have a specific design that is certified to be used in high-wind areas. See the installation guide for details.

### **Q. What kind of screws do I need to use?**

A. We recommend the use of Zinc coated fasteners to prevent any issues between the two metals. Stainless steel fasteners can also be used if salt-water corrosion is a concern. Galvanised fasteners are NOT recommended as they can cause degradation of the aluminum.

### **Q. How do I clean and maintain my product?**

A. If your Knotwood needs to be cleaned, use a mild, PH neutral detergent and warm water to wash down your structure. Check our care and maintenance page on our website for full details.

Our  
**RANGE**

---

## SLAT SIZES

All slats will fit any of our frames, mix and match or stick with one size for a clean, consistent look. Slats are all 5/8" thick and are available in the following widths.

- 1.5"
- 2.5"
- 4"
- 6"

## OUR STYLES

Our premier style, the Santiago combines thick and thin slats with a louvered top to provide a look that is literally stunning. Horizontal with or without gaps and vertical slats are common styles that reliably provide privacy and security. See the full list on our website or create your own to perfectly suit your needs, it's totally up to you.

## FRAMES & POSTS

Our 2.5" post suite is ideal for tackling any project big or small. With each component designed to fulfill a specific role together they form Knotwood's coveted hidden fastener system. See the install guide for a full component list or visit our website.

Our  
**PRODUCT**

## 01 Feature fence - Brisbane, AUS

This Brisbane feature fence uses small sections of post to create a backdrop for the landscaping and a compliment for the timber-grain window and door skirting. The cool whites of the gatehouse and driveway beautifully contrast against the warm natural look of the Knotwood fencing. Alternating heights creates interest and was an easy look to achieve using the system.

## 02 Santiago style – Kailua Bluffs, Hawaii

A landmark project in Hawaii showcases the Santiago style at its best, beautifully set against the backdrop of the Hawaiian Bluffs in Kailua. Always a popular choice in the area, the Santiago style shows off the natural beauty of the area while still providing a definite line boundary line as eye-catching as it is practical.

# 03

## Solid fence panel – Hawaii, USA

This amazingly well-executed project really highlights that simplicity is king. The simple clean lines and a wide slat form a seemingly impenetrable barrier that not only provides security but finishes the street view of the house spectacularly. The matching gate and solid construction are this project's apex.

# 04

## Box feature fence - Gold Coast, AUS

Utilising the ever-popular slat infill style, this project elevates the tried and true with a great Knotwood feature. A series of Knotwood box sections concreted into the ground provides an eye-catching focal point for this home on the Gold Coast. Following the contour of the driveway, the fence line is as stylish as they come.
